

September 2018

Hello Meadowbrook families,

I am so excited to be joining the Meadowbrook staff as the School Psychologist. I have already had the opportunity to meet many students and families. Mrs. Ohme is at another school this year, so I will be seeing students, helping to look at and analyze data, helping to develop learning plans, helping students when they struggle, completing special education evaluations or re-evaluations and many other things. I look forward to meeting many more families in the upcoming months. It looks like we are off to a great school year!

As we move into the school year, I will be spending some time in some classrooms delivering social emotional lessons. If I am in your students classroom, you will receive a letter regarding what students will be learning, which may include extension activities for you to do at home with your students. I may also be working with small groups with consent from parents. Please feel free to call or email if you have questions. I will also be available all conference nights.

Carrie Gahan
Meadowbrook School Psychologist
