

Traffic/Bus Flow System at Hillcrest School

Our sidewalk and extra driving lane, plus an additional exit driveway on to Davidson Road has helped our traffic problems. These have allowed us to create a safer drop-off and pick-up procedure for the safety of our students at Hillcrest School.

Please remember parents, no cars are allowed in the circle drive on the West side of the building. This is a request that does not change due to inclement weather. In fact, it may be even more important during bad weather.

Any need to help children out of your vehicle requires you to park in one of the lots available to you, and then help your student(s) out and on to the playground. Never leave your vehicle unattended in the pick-up/drop-off line. Thank you!

Safety Procedures

- ◆ Parent drop-off/pick-up will be along the new sidewalk on the West side of the school by the playground area. Keep going as far as possible along the sidewalk, drop-off/pick-up, and move on to keep this line of traffic moving.
- ◆ Thank you for not using the Davidson door during bus times before and after school. Please use the West door.
- ◆ If you wish to enter the building before and/or after school, please park as indicated on the map above.
- ◆ If you need to pick up your student early, bring them in late, (from an appointment, etc.) or drop something off during the day, short-term parking is available in the Davidson lot.
- ◆ Buses will drop-off and pick-up in the parking lot at the Davidson Road (office) doors.
- ◆ Day care vans and min-buses will drop-off and pick-up at the West door in the circle drive.
- ◆ Cars are not allowed in the circle drive at the West door.
- ◆ Additional visitor and handicapped accessible parking spaces are located just outside the office door on Davidson Road.
- ◆ Remember: Never 'back-up' your vehicle. This is a law for buses and should be the rule for automobiles too.
- ◆ Failure to comply with these guidelines could result in a police call.
