

About US... WAHP

WAUKESHA ACADEMY OF HEALTH PROFESSIONS

Mission

To prepare students of Waukesha Academy of Health Professions to be college and career-ready through specialized coursework, application-based learning and community connections within the healthcare profession.

Vision

Through membership in WAHP, students are inspired to become self-driven learners of industry-recognized knowledge and skills. Through innovative and collaborative practices, students will transition into productive future healthcare providers.

About Us

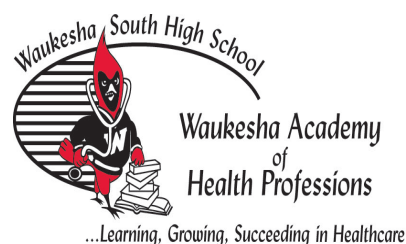

Principal: Becky Newcomer
Administrator: Maria D'Amato-Kuche
Grades: 9 - 12
Number of Students: 220

Programs

We bring learning to life through application-based learning in collaboration with our community partners. Students are provided with a robust curriculum, as well as Youth Apprentice and Co-op programs. Seniors have the opportunity to work part time with one of the school's business partners while earning credits.

WAHP is located on the campus of South High school and offers access to 21 advanced placement classes as well as clubs, sports teams, art, band and business classes. Our specialized curriculum includes Project Lead the Way courses and other specialized coursework focused on health care, providing students transcribed credit through WCTC. Students have the opportunity to earn a CNA (Certified Nursing Assistant) and/or EMT (Emergency Medical Technician) certification.
