

WAUKESHA WEST HIGH SCHOOL

Waukesha West Fans & Student-Athletes:

Thank you for taking part in another exciting year of Wolverine Athletics! At Waukesha West High School, we are proud to offer 29 WIAA and club sport programs. Our fundamental belief is that every student deserves and benefits from a well-rounded educational experience, including academic rigor, extra-curricular involvement, and the development of relationships with peers and adults that will positively impact future success.

We encourage our student-athletes, families, and fans to join the Waukesha West tradition of competitive spirit and exceptional sportsmanship. The intensity and passion that our community offers on a consistent basis truly helps to propel our programs toward success on the field, court, mat, or in the pool. Thank you in advance for representing West High School with class, integrity, and pride.

Beyond cheering loudly for our student-athletes, I highly recommend getting involved with the Waukesha West Booster Club. Over the past four years, our booster club has been able to give West athletic programs over \$200,000! This is only possible through special events, concession sales, and memberships purchased. Please consider a role within the Booster Club that capitalizes on your strengths.

Likewise, I encourage you to visit www.westathletes.org to learn more about the Waukesha West Athletic Endowment Fund. After only two years in operation, the fund has grown to more than \$50,000! Your investment in the future of West Athletics would be greatly appreciated.

If there is any way that I can personally assist you, please do not hesitate to contact me with the information noted below. I wish each of you a fantastic school year.

Go Wolverines!

Kyle LeMieux
Waukesha West Athletic Director
