

## **Banting Arrival and Departure**

### **Banting Arrival for K5 - 5th grade**

#### **Morning Drop Off during normal weather conditions.**

Children are to be dropped off on the back playground in the morning between 8:20 and 8:35 a.m. We will have supervision on the playground beginning at 8:20 a.m. Prior to that children should be supervised by their parents.

1. Please pull up in the back lot in the drop off lane.
2. Stop briefly and drop your child and then continue moving so the next group of cars can drop their children.
3. Children are only to exit the right side of the car so as to avoid crossing in front of vehicles.
4. If you prefer to get out and walk your child onto the playground, please find a **legal** parking spot in the lot or on the street and walk your child on the sidewalk onto the playground. **Please do not park where there are no parking signs.**
5. **If you have an older child and want to drop them off and have them walk to the playground on their own that is fine as well.**

**Please do not stop and get out of your car in the drop off lane.** This holds up many other cars in the morning.

**When the bell rings at 8:35 a.m. all teachers will come to pick up students at their designated line spots. Students will learn these the first week of school.**

#### **Late Student Drop Off in the Morning**

To ensure student safety, please do not drop your child off in the back if you are late in the morning. All students who arrive to school late should be entering at the front of the school building. The back doors are locked for safety. We want to be sure your children are safe. Thank you for dropping off late students in the front.

#### **The Front Drive is for Busses**

Please do not drive through the driveway in the morning before 8:45 a.m. This makes it dangerous for the students who are being dropped off in the appropriate spot on the street level. Please drop your child off on Butler Drive and leave the drive closest to the school for buses. Thank you for your attention to this for the safety of all of our students.

#### **Morning Drop off on Cold/Rain/Inclement Weather Days**

**Drop off for all students will be through the front doors on inclement weather days. We will have signs posted if it is too cold to be outside in the morning. If it is raining we will be inside.**

#### **Indoor Days Drop-Off Procedure**

Please drop your child in front on Butler Drive on the street level. Pull up to the designated student drop off area. This will be marked with a sign. Pull all the way forward so 5 - 6 cars may unload their children.

1. Pull up as far as you are able in the drop off area.
2. Pull next to the curb. Please never let your child off in the middle of the street. This is very dangerous with all of the traffic at this time of day.
3. If you choose to park on the opposite side of the street, please walk your child across the street for their safety.
4. Pull away so the next group of parents can drop their children. We will have staff on duty assisting with getting your child into the building.

## **Students coming in for breakfast may enter through the front school doors beginning at 8:05 a.m.**

### **Banting Arrival for 4K**

All parents are to wait with children outside of the 4K classroom doors on the North side of the building. This is the entrance closest to their classrooms. Parents are to wait with children until teachers pick up students at 8:35 a.m.

### **Dismissal**

**4K** - All 4K students who are not bussed are to be picked up by parents near the pavilion at the designated spot outside of the north doors.

**5K** - All 5K students not on a bus will be picked up at the back of the school on the playground at their designated line spot. If it is raining, teachers will meet you at the doors.

**1st - 5th graders** will exit the front of the building. Bussers will walk to the bus and walkers will find parents. It is a good idea to talk with your child about having a designated place to meet each day.
