

February 2021 Newsletter

Hello Meadowbrook Families,

It looks like Winter MAP testing is wrapping up this week. There will be a few students that may need to complete testing next week during make-up testing. Once all of the scores are in, your teachers will let you know when you should be receiving them. As a reminder, MAP tests are just one snapshot that is used to determine how students are doing.

Our Showcase of Learning will be in February. Due to the virtual format, it will look more like the Fall conferences. I will be available on February 11th from 4:30-7:15 and February 16th from 6:00-7:15. The link to my personal Webex room will be sent out with the links from the specialists. You may either click on the link that will take you to my personal room or send me an email and I will make sure I am open at that time. If you attempt to join and are not able to enter the room, it is because I am talking with someone. You may either wait in the waiting room, or try again later. I will attempt to keep these conferences shorter if I notice someone in the waiting room. My email is cgahan@waukesha.k12.wi.us if you would like to set something up ahead of time.

We Thinkers resources (Kindergarten)

I continue to teach SEL lessons in the Kindergarten classrooms using the We Thinkers curriculum. I am including links for parent letters that explain the lessons and ideas for parents can be found in the letters. We will finish up with Unit 4 next week, and will start Unit 5 the week of February 15th. We use this vocabulary with students throughout the grade levels here at Meadowbrook. We will begin the next 5 book series when the first set is completed.
